Arrowwood's Sports Day Celebration on Monday, June 3rd

The Other Part of Tillage is to Have Good Seed

Mr. George Riches is sowing a field of Certified Red Robs wheat, the seed having been secured from H. P. Wright of Airdrie, the wheat prize at Toronto fair. This is first generation wheat and the finest variety of Red Robs in the district. Mr. Harry Ellis has for the second year sown first generation Registered Marquis Wheat having secured the seed this year from the University of Alberta farm. Nothing better has ever been produced for truthness to variety.

We think the above will prove of interest to many farmers of the Arrowwood district. These farmers were assisted in obtaining this seed by the research department of the Searle Grain Co. through their Local Agents.

The Searle Grain Co. are also keeping a rain gauge, a rain record book and rainfall indicator. The weekly rainfall will be published in this paper.

As the progress of the growing crop depends on rainfall and the yield is in proportion to rain at regular intervals. We are sure their information is appreciated by the farmers and business men in the district.

Mother and Daughter Banquet

The Annual Mothers and Daughters banquet was held Friday evening, May 10, in the Church basement. A record crowd was in attendance. The lady teachers were guests of the evening and added to the program with an amusing skit or "Meldrama."

Several recitations, readings, and musical numbers were given by the daughters. A tribute to the Mothers was given by Mrs. Melvin Bowman; and a tribute to the daughters was given by Mrs. Hall. The decorations were of pink and white paper carnations. Mrs. Wicand was an able chairman of the evening with Lila Clifgard rendering her usual cheerful accompaniment at the piano for the musical numbers. A very good time was enjoyed by all and everyone is looking forward to a similar event next year.

Don't miss the grand parade at Arrowwood on June 3rd. This event starts at centre of town at 10.30 sharp. Among the attractions will be school and commercial floats, clowns, Indians, Scouts and Guides.

For a Special Treat Serve Palm Ice Cream

Available in Assorted Flavors in Bricks or Bulk at the

Arrowwood Bakery

BASEBALL

Manager Lewendon and Coach Leisemer extend a cordial invitation to every baseball player of the town and district to turn out for practice. Many of the last years regulars are in the vicinity, and with promising young talent, Arrowwood should field as snappy a team as in the past. With the advent of favorable baseball weather a good turnout would be appreciated each evening.

Social Credit Convention for Little Bow Constituency

The Social Credit Convention for the Little Bow Constituency was held in Vulcan on Saturday, May 11th. The Convention was opened by singing the theme song, followed by "O Canada." A brief welcome was given by the chairman, the Rev. Peter Dawson. Sixty-five delegates were present. Minutes of the previous meeting were read and adopted as read. The Treasurer reported \$108.30 on hand.

The resolution committee reported that 30 minutes would be allowed for the nomination of candidates.

It was moved that four candidates be chosen and sent to the Lethbridge Convention to be there on May 10th, by the seven constituency delegates together with the Central Advisory Board of Calgary. The following were nominated: Rev. Peter Dawson, Champion; L. H. Irwin, Arrowwood; H. Allergoth, Milo; Rev. E. G. Hansel, Vulcan. Before the balloting each nominee was given three minutes in which to address the gathering.

Mr. A. J. Troy, Mossleigh; Mr. Tindale, Champion and Mr. Webster, Carmangay, were elected to fill the vacancies on the list of constituency delegates, caused by the nomination of candidates.

Rev. Peter Dawson, L. H. Irwin and H. Allergoth.

The convention closed by singing "God Save the King."

Delegates from Arrowwood were: L. H. Irwin, J. F. Beagle and R. H. Anderson; from Mossleigh, A. J. Troy, Gordon McDonald, J. Haggood and John Treasler.

U.F.W.A. Notes

The last meeting of the U.F.W.A. was held at the home of Mrs. J. Mackie. Ten members and three visitors answered roll call "Health Notes."

The Junior Conference was discussed and it was decided that the local would send one delegate besides the one sent by the Juniors.

Mrs. M. H. Ward read a book review "The Count of Monte Cristo," and Mrs. R. F. Williams read a paper on health.

Dr. E. J. Lissauer gave a very interesting address on Antitoxins, Vaccines and Serums.

Mrs. R. E. Hales and Mrs. D. Richards assisted the hostess in serving dainty May Day refreshments.

General Bazaar and Tea

Under Auspices of

The Junior W.A. of the United Church
on Mr. Clifgard's Lawn

Saturday, May 18th

Commencing at 3.15 p.m.

Miscellaneous Articles, Pies, Cakes & Home Cooking

SPECIAL - 5c for a Piece of Cake and Ice Cream Cone.

If the weather is inclement the Bazaar will be held in the Clifgard Home

Social Credit Meeting

A Big Social Credit Meeting Will
be Held in the Arrowwood
Curling Rink on

Wednesday, June 5th, at 8 p.m.

SPEAKER: MRS. GOSTICK

Everybody Welcome

"Guide's Own" Church Service

A "Guides Own" church service will be held at the United Church on Sunday at 11.45 a.m. All Brownies, Guides and Rangers will attend as a body with the Cubs and Scouts as visitors. Mrs. V. M. Gilbert will officiate the service and at the close the beautiful ceremony of Dedication of the Colors will be conducted by Mr. Gilbert. The flags are the property of the Scouts and as Mr. Gilbert is an old Scoutmaster, they are especially fortunate to have him preside at this Dedication.

Shower for Mrs. John Jensen

About thirty five ladies attended a delightful shower held Friday afternoon, May 10, at the home of Mrs. R. F. Williams in honor of Mrs. John Jensen (nee Frances McBride). The tea tables were tastefully decorated with spring flowers and pastel favors.

An art gallery contest was won by Mrs. T. T. Williams and Mrs. Weberg.

The many useful and beautiful gifts were artistically arranged at the base of a Maypole wound with crepe paper streamers. The bride thanked all those present and invited them to her home.

All kinds of athletic events, with \$200.00 in prizes are offered for the Arrowwood Sports Day on June 3rd. Among these are included a tug-of-war between Marquis and Dinton Municipalities. Come and cheer your team.

SOFTBALL

Spotting the Milo' team 14 runs in the first three innings the A.H.S. girls proved their invincibility when they began a rally in the fourth inning which tied the score at the end of the game and very nearly spelled victory for the local club. Our A.H.S. girls were far below usual during the early part of the game completing many leads to give the visitors a decided advantage. The battery of Mary Dunka and Dorothy Brown worked well in the last four innings of the game. Ruby Hall at first gathered in everything that came near Blomfort Hill playing third came through with another good game. Edna Beagle made a spectacular catch of a high fly in the 6th inning. Audrey Ward was the Babe Ruth of the game, hitting the ball to deep centre for a home run. The Milo girls played a good game throughout but Pauline Morseth was having difficulty in striking out the Arrowwood hitters in the latter part of the game. The game was called at the end of the 7th on account of rain.

Score by innings:
Milo - 4 4 0 1 2 0 - 17
Arrow - 3 1 0 0 1 1 5 - 17

A.H.S.-E. Beagle ss, Mary Dunka p, D. Brown c, R. Hall 1b, E. Hill 3b, A. Ward rf, S. Ward 2b, B.J. Vancil cf, Annie Dunka lf.

Here and There

With the warm weather and a fine season almost upon us, dates of opening of the summer hotels and resorts in the Canadian West are listed. Badger Springs Hotel opens, June 1st; Chapin Lake Lodge, Emerald Lake, June 1st; Emerald Lake Hotel and bungalow camp, Wapiti, Yoho, Radium Hot Springs and Moraine Lake, June 21; Peach River Bungalow Camp, June 15; Devil's Gap Bungalow Camp, June 21; Algonquin Hotel, St. Andrews, N.B., June 30; The Pines, Dufferin, June 27 and Lakeview Inn, Yarmouth, June 24.

Arrowwood Notes

June 3rd-9th Annual Sports Day at Arrowwood.

Mrs. G. Leith returned on Monday from Calgary, accompanied by Mrs. McConnell.

The friends of Donnie Shatto will be glad to hear he is improving favorably after his serious accident.

Piano class work conducted by Mrs. P. H. Coleman Consolidated School. Pupils may enter at any period of the year.

All roads lead to Arrowwood on June 3rd. Keep this date in mind and bring the family for a real day of entertainment.

The Jr. U.F.A. meeting will be held at the home of Mrs. H. E. Brown on Saturday, May 18. Everybody welcome.

The amount of moisture from rain and snow since April 15th, as recorded by the Searle Grain Co. rain gauge, is 1.1 in.

Any Society or persons wishing to cater to the "Supper for the Dance" on June 3rd, get in touch with R. H. Anderson.

The U.F.W.A. met at the home of Mrs. J. McKee at Shouldice on Wed. May 15. There was a large crowd present.

Mrs. T. A. Weins of Rockyford is a visitor at the home of her son, J. Weins.

The Rangers met at the home of Mrs. Doten on Tuesday May 14.

The committees in charge of the Arrowwood Sports June 3, are working hard to make this day the finest attraction in the history of the town. Remember the date.

At a meeting of the Jr. Sewing Circle held at the home of Mrs. T. T. Williams on May 2nd, the members decided to change the name to the Junior W.A.

A very dangerous practice is being indulged in by youngsters riding their bicycles on the sidewalks. This should be forbidden as a serious accident may result.

One of the main events of the Arrowwood sports will be a baseball tournament among the following teams: Queenstown, Blackie, Lomond and Arrowwood. Come and enjoy your self.

The Jr. W.A. of the United Church will hold a bazaar on Mr. Clifgard's lawn on Saturday May 18th commencing at 3.15 p.m. Don't fail to visit the girls at their bazaar, they will have a good display of miscellaneous articles and home cooking for sale.

Arrowwood Social Credit Study Group Notes

A meeting of the Arrowwood Social Credit Study Group was held Tuesday night in the Phillips Hall, with Mrs. C. G. Taylor as chairman. Minutes of the previous meeting were read and adopted.

Mr. Irwin reported that Mrs. F. Gostick was available as speaker here on Wednesday June 5th, and the Secretary was instructed to get some posters printed and insert an ad in the local paper as soon as possible. The meeting will be held in the curling rink and a committee was appointed to make arrangements and to get the rink ready for that night.

Mr. R. Anderson gave a report on the Nominating Convention held in Vulcan last Saturday at which Mr. L. H. Irwin was one of the four chosen for the final choice of candidates. The report was well received and Mr. Irwin was congratulated on his success so far and our best wishes wished will follow him to Lethbridge on Friday next when the final choice will be made by the Central Advisory Council.

Mr. Irwin addressed the meeting briefly and expressed the appreciation he felt for the trust placed in him.

The next regular meeting will be held Tuesday, May 28 with Mr. H. Anderson in the chair.

Nervous editor: "If I give you a dollar will you tell me what your sister says about me?"

Little Brother: "Make it two and I'll tell you what dad is going to do to you."

TRAIN SCHEDULE AT GLEICHEN

NEW YELLOW LABEL

Builders And Wreckers

Glancing through a little trade magazine the other day the writer came across a short bit of verse entitled "Wreckers," which, in these days and times, is worthy of still wider circulation. So we reproduce it:

I watched them tearing a building down,
A gang of men in a busy town.
With a ho-ho-ho and a lark yell,
They swung a beam and the side wall fell.
I asked the foreman, "Are these men skilled,
And the men you'd hire if you had to build?"
He gave a laugh and said, "No, indeed!
Just common labor is all I need.
I can easily wreck in a day or two
What builders have taken a year to do."

I thought to myself as I went my way,
Of these roles have I tried to play?
Am I a builder who works with care,
Measuring life by the rule and square?
Am I shaping my deeds to a noble plan,
Patiently doing the best I can?
Or am I a wrecker, who walks the town,
Content with the labor of tearing down?

All over this world of ours there are men and women earnestly striving to build—people in governments, in churches, in education, in finance, in industry, in business; statesmen around the League of Nations council table, sitting in international conferences, or engaged in diplomatic negotiations. They are trying to build anew out of the wreckage and upheaval of political, economic and social conditions thrown into chaos by the Great War and its bitter aftermath. They are striving to save civilization, and make it a finer thing than anything hitherto known.

But because the times are temporarily out of joint, weaknesses have developed in the economic system, social evils have become multiplied; in a word, because abnormal conditions exist and many people are in difficulties, the "wreckers" have become bold and walk the town blantly engaged in the easiest of all tasks—that of tearing down. Men and women who never constructed anything, who lack both the ability and the incentive to construct, are buying themselves in criticizing the efforts of the builders, imputing unworthy motives to them, seeking to wreck anything and everything of a constructive nature that is attempted.

Even the best and most patient of people are feeling and being critical and become fault-finders. In fact, how often are people now heard to speak in praise of anything, of any institution, or of any effort that is being put forth? Rather, is it the general attitude to denounce and attack blame?

The popular thing to-day seems to be to destroy, to wreck. In some countries they are deliberately trying to destroy religion and so revert to the dark ages; in these and other countries the attempt is being made to deprive people of liberties won through the suffering and bloodshed of past generations. The wreckers would in a day tear down the constructive work of centuries.

There are those, of course, who still hold fast to the faith that is in them, who still believe in liberty as the sacred right of the individual citizen; who hold true to democratic forms of government and trust in the people and hatred of dictatorial autocracies.

Builder or wrecker—which are you? Which class has brought mankind to its present civilization? Which class lifted mankind from the cave-dwelling stage? Which group has developed modern medicine, which is responsible for modern inventions, which built our transportation and communication systems, our modern towns and cities, which brought into being the higher standard of life in this twentieth century? And was it not the wreckers who precipitated the Great War and are responsible for the whole train of evils which have followed?

The builders are still building in the face of enormous difficulties and the opposition of the wreckers; the builders are striving to save civilization which the wreckers would destroy through revolution and bloodshed in order that out of civilization's crash they may reap spurious benefits.

Each of us may well take stock of ourselves, study our present habits of thinking, examine our actions, weigh our words—in brief, take a measure of our lives and see whether we are builders, "patiently doing the best we can," or merely wreckers "content with the labor of tearing down."

To Keep Informed

A representative of the Dominion government will visit Denmark's coast to study operation of a post development plan using a formula for which representative of a British company have been seeking a subsidy for development here. This step is taken in order to keep fully informed of any new fuel development that might prove economically useful to Canada.

Indian Did Not Forget

Sends Gift To Lawyer Who Saved His Son In Trial
Sixteen months ago a Nanaimo jury acquitted Andrew Moses, slender Port Alberni Indian, of a charge of attempted murder—a charge laid after an Indian from the west coast of Vancouver Island, who had allegedly slain Andrew's girl-wife, was stabbed through the heart and saved from death by a young Victoria surgeon.

Two days the jury listened to how Andrew had followed his pretty 18-year-old wife whom he had married according to Indian custom.

When he found her there was a fight and Charlie Sam was stabbed in the heart. Sam's life was in doubt for more than a month but he recovered eventually and Moses went on trial.

When the jury returned its verdict Chief Moses, Andrew's father, broke a two-day court room silence. "I don't forget you," he said to R. L. Maitland, K.C., his son's counsel. "I don't forget you save Andrew's life. Andrew's good boy. You won't forget me."

Recently Mr. Maitland received two eight-foot intricately carved poles. With each figure a name and character denotes he will probably never fully know, but whenever he looks at them he will know that the old chief did not forget.

BROKE HER LEG AGAINST A STAIR

Whilst Hamped by Rheumatism

"Two years ago I wrote a woman, 'I was suffering with rheumatism in my legs, and when walking upstairs one day just kicked my right foot against the stairs, and broke my leg just below the knee. I was in hospital for four months, and when I came out someone advised me to try Kruschen Salts. I did so, and now I have no trace of rheumatism. I would not be without my daily dose of Kruschen, which I take every morning—half a teaspoonful in warm water.'—Mrs. F. B."

The six salts in Kruschen stimulate the liver and kidneys to healthy, regular action; assist them to get rid of the excess uric acid which is the cause of rheumatic pains. When poisonous uric acid goes with its deposits of needle-pointed crystals—there's no doubt about those aches and pains going too!

Bank Of Canada

Will Pay Its First Dividend To Shareholders Next July
When the Bank of Canada pays its first dividend next July the amount going to each shareholder will be based upon the time the first share payment was paid. It was learned at Ottawa.

Applicants for shares were required to send their order for the first share payment, representing one-quarter of the cost per share. Dividends will be reckoned, therefore, on \$125.00 per share from September 1, 1924, to January 2, 1925, and on the full purchase price of \$500.00 per share from January 2 to the date of declaration, probably July 2.

The actual rate of dividend will not be known until it is declared by the board of directors, but under section 31 of the Bank of Canada Act it cannot exceed 4 1/2 per cent. a year, cumulative. Any excess profits over the maximum dividend requirements go to the rest fund and the consolidated revenue fund of Canada.

Want Branch Lines

Plan Is Made For Completion Of Two Branch Lines In Northern Saskatchewan

A plan for completion of two branch lines of the Canadian National Railways in northern Saskatchewan was made before the first standing committee on railways by C. R. McIntosh (Lib., North Battleford). Mr. McIntosh was supported in his request by P. G. Davies (Cons., Athabasca).

At present a branch line runs north from North Battleford, Sask., to St. Walburg, a distance of 90 miles, but the remaining 100 miles to Beaver River crossing is unfinished. This line was projected originally to join North Battleford with Edmonton. Mr. McIntosh urged the road be completed, and estimated the cost to be not more than \$350,000.

The other line was from North Battleford to Edmonton, via Spruce Lake.

A baby crying for an hour uses enough potential energy to climb to the top of the Washington Monument.

THE CHORE GIRL

Idea Netted Personal Fortune

Sir Guy Standing Made Money Selling Old War Equipment
If it had not been for the Great War, Sir Guy Standing might not have been able to take up acting as a hobby.

He is well known for the excellence of his paintings and his adventures in the British navy, for which he was knighted by the king. But he said that when the king's sword descended on his shoulders, he had but \$40 in his pocket.

Sir Guy, after the war, observed miles of United States tanks, tractors, automobiles and other equipment lined along the Rhine. He formed the Motor Organization, Ltd., set out to buy the equipment and sell it to Europe, which was trying to rehabilitate itself.

When the transaction was completed, Sir Guy discovered Britain had a like amount of leftover war material it would have to get rid of. Such competition would ruin his company, so he managed to buy this equipment as well. It took nine years for the company to sell and clear its books, but the venture was a large personal fortune for him.

"A fortune," he explained, "which permitted me to make acting my profession. But you can be sure of one thing: I'm through with big business. It leaves too many gray hairs."

Sir Guy is 60 and one of Hollywood's popular characters.

Drinking And Driving

Danish Professors Conclude That These Two Do Not Mix
Drinking and driving don't mix well concluded Two Danish professors, who recently tested the reactions of a group of drivers who had been given the alcoholic equivalent of three nice highballs. Tested by apparatus designed especially to note mental and physical alertness, it was found that the highball squad were 17 per cent. slower to react than those persons who had gone thirsty.

Consumption of alcohol, affected the speed of a driver in applying the foot brake and the strength of his grip on the steering wheel.

Marine Food

Say Seaweed Contains All Of The Important Vitamins
Down to the sea for seaweed will be man's next step in his quest for food. Prof. Joseph E. Tilden, University of Minnesota botanist and leader of a scientific expedition to Japan, Australia and New Zealand, to collect marine algae, said at Minneapolis.

"Marine algae," said Prof. Tilden, "are sources of all four of the important vitamins, A, B, C and D."

Say It All Right

Elizabeth Harwood, Cleveland, visited a seeress. She was told "your husband will come back when he's tired of a blond" and "your husband is having trouble with the police." "Yes, sir," the fortune teller continued, "it is iron bars and blue coats. It is a house arrest." It did. Miss Elizabeth Harwood, an unmarried policewoman, took the seeress to jail.

Little Journeys In Science

THE SPECTROSCOPE

(By Gordon H. Guest, M.A.)
Scientists have shown that the earth and every star which can be observed by the telescope, including the most distant, are composed of the same substances. Of course the proportions are different, but the substances are not.

A glass prism in the hands of the great scientist Sir Isaac Newton in 1672 commenced the train of thought that led to this discovery. Newton observed that the prism split up ordinary sunlight into the various colors of which it is composed. The prism was the beginning of a very powerful instrument of science, namely the spectroscope, which was developed about a hundred years later. It is this instrument that tells us that all the suns and planets are composed of the same materials in different proportions.

The spectroscope sees more than our eyes enable us to see. Man can only observe those substances that emit vibrations of their own light. The spectroscope is sensitive to all vibrations that matter sends out. We cannot see colorless gases, but the spectroscope can. In fact this instrument can see gases so plainly that it can tell one from another. This is because every solid substance and every kind of gas sends out vibrations, each having a rate of vibration of its own. Nature has determined the rate of vibration of the various solids and gases of which the earth is composed. When the same vibrations come from other planets and suns scientists know that they are composed of the same materials that are in the earth.

Research Council

Work Carried On By This Body Is Worth Millions To The Farmer
With their work estimated at "tens of millions of dollars" in value to farmers, associate committees of the National Research Council ended their seventh annual convention held at Winnipeg.

Dr. H. M. Tory, president of the council, declared in his welcome address that the group had as much of Canada's future in its hands as any other body of Canadian citizens. The work was worth millions to farmers, he declared.

Farwell was said to Dr. O. S. Amcott, University of Alberta, who will shortly join the staff of the university of Wisconsin. Regretting Dr. Amcott's departure, the council members extended him best wishes in his new work. Tribute to Dr. Tory's work was voiced by Dr. W. C. Murray, president of the University of Saskatchewan.

Sub-committees were re-established and their chairman named.

Motor Car Industry

Demand For Cars In United States Puts Industry In High Gear
The No. 1 industrial colossus of the United States, the motor car industry, is in high gear. In haul-away trucks, in freight cars and in drive-away processions the product of the assembly lines is moving from factory to dealer and on to consumer in heavier volume than at any time during the last five years.

Getting momentum steadily under the impetus of a swelling consumer demand, the industry has assembled more than 1,315,000 cars and trucks since Jan. 1. During 1925 of 1925, the industry produced as many units as were manufactured in all of 1922. Output for that year, lowest point in the depression, was 1,431,494 cars and trucks.

Does Not Want Freedom

Rev. L. D. Stutland has for a constant companion on his motor trips the old Win River Indian reservation in Wyoming, a domesticated wild bird. Seven years ago he captured the bird—name—Castle Rock, Colo., after it had broken a wing. It soon became a pet. He has been so successful in his house pet that he has been able to leave at any time, returns to its cage each night.

Reflect a Moment!

Japan's New Ships

Merchant Marine Fleet Finest Naval Reserve In World

The Japanese are leaving no stone unturned in their expansion to major world power. Their new merchant marine fleet, the finest naval reserve in the world, is speedily dominating Pacific Ocean shipping. One of six new luxury liners being built by Japan has entered service; a fleet of 50 freighters which travel at speed of more than 20 miles per hour, span Tokyo to San Francisco in 11 days with rich cargoes of silk. This constitutes a tremendous saving in time and dollars.

Few Get Them

The average woman needs 12 pairs of shoes a year, shoe experts have estimated. They enumerate the kinds as follows: One pair for sports, four street pairs (one for each season), four pairs of formal daytime pumps, and three pairs of evening shoes—for spring, summer, and the fall-winter seasons.

ture was a welcome addition to
the land.

Messrs. Allergoth and Johnk
journeyed to Vulcan on Satur-
day, to attend the Social Credit
Convention held at that point.

Miss Marion Le Beau, teacher
at Pioneer School, is busy pre-
paring her pupils for the
Dramatic Festival to be held
at High River, Friday, May 17.
Good luck, Marion. This is the
first entry for festival work
from this district.

Mrs. F. H. Coleman, of Ar-
rowwood, teacher, Piano, Vo-
cal, Theory, Harmony, Counter-
point, History and Form. In
Milo every Wednesday.

Notice of Preparation of Assessment Roll

Village of Arrowwood Assessment
Roll for 1935

Notice is hereby given that
the Assessment roll of the Vil-
lage of Arrowwood for the
year 1935 has been prepared
and is now open for inspection
at the office of the sec.-treasurer
from 10 o'clock in the forenoon
to four o'clock in the afternoon
on every day which is not a
public holiday, except Saturday
and on that day from ten o'clock
in the forenoon until two
o'clock in the afternoon, and
that any person who desires to
object to the entry of his name
or that of any other person
upon the said roll or to the as-
sessment of any property or to
the assessed value placed upon
any property, must within
thirty days after the date of
this notice lodge a complaint in
writing with the secretary-
treasurer.

Dated this 10th day of May,
1935.

J. M. Weins
Sec.-Treas.

Here and There

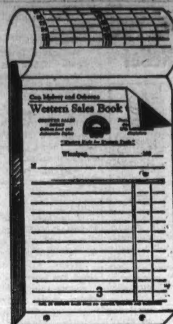

The cream of American base-
ball players is scheduled to sail
from Vancouver October 20,
aboard the Canadian Pacific liner
Empress of Japan, for an all-star
tour of Japan, China and the
Philippines. Judge and Mrs.
Kennerly Mountain Landis may
also be in the party.

Photographed in a group for the
first time since they were "about"
their arrival in Canada a few
years ago. His Excellency the
Governor-General, His Excellency
and their elder son and daughter
were snapped on board the Em-
press of Britain before Lady
Beasborough and her son and
daughter sailed for Europe re-
cently.

Appropriation of one dollar
was made recently by the Van-
couver City Council as a nomi-
nal price for the purchase from
the Canadian Pacific Railway of
1 1/4 acres of right-of-way pro-
vided at Killalno Beach, near the
British Columbia city.

The first McIntosh apples of
the season for distribution
throughout the Dominion from
Victoria to Halifax went out re-
cently over Canadian Pacific
lines in trains of 46 cars. The
fruit is reported to be in won-
derful condition and this season's
product will maintain the great
reputation that British Columbia
has won for its apples.

Under the Canadian Pacific five
years' free scholarship award to
McGill University, Reside McAl-
lister of Montreal; David R. W.
Held, of Winnipeg; and Albert
Grant Aspin, of Lethbridge, all
sons of company employees, are
announced as this year's winners.
The scholarships are renewable
every year up to five years if the
holders are entitled to full stand-
ing in the next higher year.

WAGIN' TUNG

Vol. 4, No. 37. Arrowwood, May 16, 1935, Items for Thot

The 1935 Ford V-8

is acclaimed by everyone for its stunning
beauty, luxurious upholstery and smart
appointments. Beneath shimmering beauty
is Gibraltar-like strength and safety—a weld-
ed-into-one-piece solid steel body. The ex-
tremely strong X-type frame of last year has
been further strengthened. The breaks are
more powerful and operate with less pedal
pressure. Big Air-Balloon tires give more
road contact and resist tire roll on fast cor-
ners. De Luxe models are equipped with
Safety Glass all around—at no extra cost.

Our new SPECIAL WHITE GAS is a refined
product and is meeting with general ap-
proval -- at a new low price.

Autolene Oils, the life-saver of gas en-
gines a weight for every purpose at attractive
prices.
